

## FAQ for Artists

- What we do We represent clients in search of artwork. These are mostly healthcare facilities and affordable housing.
- What kind of art We generally place local, original art. We also commission work that ranges from glass, metal sculpture, mosaic tile, laser etched wood, and beyond. We occasionally purchase prints of artwork.

### Submission Info

- Framing Substrates that are under 1 5/8" need to be framed. We do not require frames from the artist but we want to know if a piece is framed and what the frame looks like and that it is good condition.
- Availability By submitting work you are telling us that it is available. Please update us if you sell a piece by notification date.
- Submissions Submit work by attaching good quality images and an image list with Title, retail price(see below), artwork size, framed size (if applicable).
- Pictures Send good quality images

Email Size We have a maximum message size - 15MB

Our Retail pricing works as follows:

Retail Pricing Retail Price = Artist Net (60%, includes delivery) + Broker Fee (40%)

To calculate Retail Price: Divide Artist Net by .6

Do NOT multiply artist net by 140% - you will get the wrong retail price

Prints Occasionally we will purchase prints from an artist or purchase rights to reproduce an artist's work
